Professional Objective

A highly motivated 3rd-year Information Technology student seeking an internship opportunity in Software and Web Development. Eager to apply my academic knowledge and practical programming skills to real-world projects while continuing to learn and grow within a dynamic tech environment.

Education

Bachelor of Science in Information Technology

Bahir Dar University, Bahir Dar, Ethiopia

Current Status: 3rd Year Student

Technical Skills

Programming & Markup Languages: Python, HTML, CSS

Tools & Frameworks: VS Code, Telegram Bot API, Git

Areas of Interest: Web Development, Automation, Software Engineering

Projects

"Live Gemini" Telegram Bot: Designed and developed a functional Telegram bot utilizing Python and BotFather to manage automated interactions and responses.

Leadership & Extracurricular Activities

Class Representative | Bahir Dar University

Actively representing the IT student body, facilitating communication between students and the faculty, and assisting in academic coordination.

Program Organizer | St. Basil's family (Poly Campus)

Organizing and managing monthly gatherings and events for the student group, fostering community and collaboration among members.

Certifications

Programming Fundamentals – Udacity
